## **NOTICE OF ALLOWANCE**

This is a Notice of Allowance in response to AMENDMENT filed 6/27/2005.

Claims 23-33 were previously withdrawn. Claims 1-22 and 34-39 were previously rejected. Claims 1-39 have been cancelled. Claims 40-45 are new.

### ***Allowable Subject Matter***

Claims 40–45 are allowed. Renumbered as Claims 1-6.

## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious a test structure for testing the sufficiency of tunnel opening sizes in a non-volatile memory cell, including, *inter alia*, a read path coupled to the floating gates and operable to detect a programmed write path if the tunnel openings formed over the programmed write path are of sufficient size to successfully couple the floating gates to the programmed write paths, as recited in the independent claims 40, 44 and 45. Consequently, claims 40-45 are allowed over the prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
